We are in the league of building New India. So, we believe that to understand emerging India we should see the nation developing through the eyes of an erudite like Chanakya.

There's a saying, "use what is there to the fullest, may it be money, time, stocks, opportunity or management. Half minded attempt results in complete failure." Hospitality

Our biggest mantra of resolve is "error in action will be easily forgiven, but error in intention is seldom forgotten." Over the last decade, The Hospitality sector in Kolkata has certainly seen a lot of action. We at Saltee Group introduced the concept of authentic ice bar, by doing a complete leisure-experience turnaround of its hospitality sector in Kolkata.

The brand has been extended through Haveli-the restaurant. Treat your taste-buds a traditional Rajasthani food experience. The vision of extending the hospitality sector has been notched up a little higher with its banquet facility attached with Ice Lounge and the residential Guest-suit consisting of 16 excellently well furnished rooms with all modern amenities in the heart of Salt Lake.

There's another dream project which is very close to our heart. Soon we are going to give Kolkata a one-of-its-kind, high-rise hotel in Salt Lake.

Citizenship. Responsibility ...A better tomorrow

"Doing good is good for business" is in our mind. But our heart says that we should blur the line between our daily work and higher purpose. We should explore the next greater arena where both are merging into one.

And we are striving to get that space by organizing yearly Children's Book Fair, Sharadiya Samman and Eye Camp. But there is more to do.
